

Certificate II in Agriculture (On campus)

This qualification is delivered face to face with scheduled practical skills days and field trips throughout the year. It is ideal for those who wish to start a career in the food and fibre industry, or further develop their skills and knowledge at the assistant farm hand level. Through this course you will learn basic practical skills in fencing, monitoring water supplies, machinery operation, plant and livestock management. Students undertaking this course will gain the practical skills and knowledge required to carry out routine tasks under general supervision within the agricultural industry.
