

Certificate III in Allied Health Assistance

This qualification reflects the role of allied health workers who provide assistance to allied health professionals and other health professionals with the care of clients. Depending on the setting, work may include following treatment plans for therapeutic interventions and/or conducting programs under the regular direct, indirect or remote supervision of an allied health professional. Students complete 80 hours of placement (completed in the workplace for Traineeships) and often use this program to pathway into Diploma of Nursing and/or other health disciplines once they complete secondary school. VETDSS students must have had a flu and COVID vaccination - triple dose prior to placement .
