

## VET in Schools

# Certificate III in Music & Certificate III in Technical Production

### Description

The Certificate III in Music and Certificate III in Technical Production provides a broad education in music, integrating theoretical, historical, performance studies and music technology while enabling students to master the skills needed for a wide array of professions. It is intended to appeal to those aspiring to deepen their existing knowledge of music and those who may be seeking to gain accredited recognition in order to apply for further study.

The Music Industry requires creative and dynamic multi-taskers. The career options include: Artist/Event Management; Record Production; Audio Engineering; Song Writing; Arts Administration; Music Marketing & Distribution; Festival Direction; Music Publishing. Most significantly the course prepares students to function in the increasingly DIY Industry environment.

These certificates include scored assessments, which contribute to your overall VCE studies.

These courses are delivered over a two-year period held on Wednesdays during the school term.

### Career Opportunities

The Music Industry requires creative and dynamic multi-taskers. The career options include: Artist / Event Management; Record Production; Audio Engineering; Song Writing; Arts Administration; Music Marketing & Distribution; Festival direction; Music Publishing. Most significantly the course prepares students to function in the increasingly D.I.Y. Industry environment.
